

# INSTANT BUDDY LIST MIGRATOR

Migrate IBM Lotus Sametime Buddy Lists to Microsoft LCS/OCS 2007

## Your Business Dilemmas

Do you need to migrate Sametime buddy lists into LCS/OCS 2007?

Do you want to preserve your groups and group memberships as you migrate from Sametime to LCS/OCS 2007?

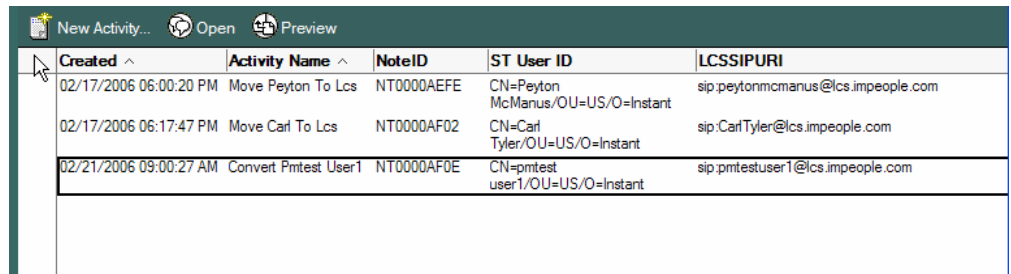

## Instant Solution: Instant Buddy List Migrator

Instant Buddy List Migrator simplifies and accelerates the process of migrating from Sametime to LCS/OCS by automating the migration of your Sametime buddy lists and eliminating the need to rebuild all your groups and group memberships post-migration.

And if you will have a period of co-existence, Instant Buddy List Migrator's integration with Session Manager from Covergence enables Sametime users and LCS/OCS users to belong to single, unified buddy lists so they can communicate seamlessly across platforms.

## How it Works

- ◆ Define the users to be processed
- ◆ User data is rendered as XML for transfer to LCS/OCS
- ◆ Instant Buddy List Migrator runs a servlet to call for each user's live Sametime buddy lists
- ◆ Instant Buddy List Migrator recreates the Sametime buddy lists in LCS/OCS
- ◆ Every action is logged
